

CHILD SAFETY CODE OF CONDUCT

A guide for interacting with children and the vulnerable

This code of conduct is intended to promote the safety and well-being of children within our community by providing clear guidelines for adults working with or around children. It outlines the standards by which anyone within the Coptic Orthodox Diocese of Melbourne and Affiliated Regions should relate, interact and behave with children.

While few people set out to intentionally harm children; lack of information, carelessness or other interests can unintentionally compromise our children's safety and wellbeing. Therefore, prevention is the best strategy for child protection. By outlining what is acceptable and unacceptable behaviour of adults working with children, this Code of Conduct serves to protect children and young people, reduce any opportunities for abuse or harm to occur and signals that child safety is a priority within our community. It also makes up a key part of our broader Child Safety Framework.

It also provides a reference point for discussion when there may be confusion, uncertainty or grey areas concerning appropriate behaviour with children. Anyone working with or around children on a regular basis within the Diocese is required to read, understand and sign that they will adhere to these standards.

Please make sure you carefully read and understand this document before you sign it. If you have questions or concerns, please contact the Diocese Child Safety Committee (CSC). You are also encouraged to seek additional guidance on these matters should you need it from the CSC. (Contact details are provided below)

This code of conduct applies not only to interactions with children on church premises, activities or excursions but in any context or aspect.

An allegation regarding a breach of the Code of Conduct should be reported to the Diocese Child Safety Committee which will then investigate founded allegations. Any allegation that falls within a Reportable Conduct Scheme within any of the parishes or organisations under the Diocese will also be reported to the relevant scheme. (For more information on the Reportable Conduct Scheme refer to <https://ccyp.vic.gov.au/reportable-conduct-scheme/>) Any allegation that is criminal in nature will be reported to police and relevant authorities. The subject of an investigation will be suspended from their paid or volunteer position until the matter is fully investigated. Anyone found to be in violation of the Code of Conduct will be reviewed and potentially removed from their paid or volunteer position within the Church.

The Diocese Management Committee of the Coptic Orthodox Diocese of Melbourne and Affiliated Regions (which was established by Papal Decree signed by His Holiness Pope Tawadros II on 8 November 2018 to manage the affairs of the Diocese) is responsible for endorsing the Code of Conduct. The Senior Priest of each parish is responsible for ensuring all employees and volunteers have signed the Codes of Conduct and for implementing the standards of conduct as set out within this code.
